

«The list of main terms», was prepared by a group of experts A.A. Shyian, L.O. Nikiforova, I.O. Dohtieva.

ACRONYM is a short, easy-to-remember and pronounce name that identifies the project; it can be created, e.g., from the first letters of the project name [2].

AFFILIATED ENTITIES are the entities related to the beneficiary of the Horizon Europe framework program. Affiliates participate take part in tasks with similar responsibilities and rights as the beneficiary, but do not sign the Grant Agreement [2].

BENEFICIARY is a legal entity that has signed a Grant Agreement with the European Commission (or one of its executive agencies) and bears full responsibility for the performance of tasks assigned to it in the project [2].

The executor is any person (resident or non-resident) who has a written agreement with the development partner or a person authorized by the development partner and ensures the implementation of the project (program), including on a paid basis [3].

Horizon 2020 was the EU's research and innovation funding programme from 2014-2020 with a budget of nearly €80 billion. [4].

CALL FOR PROPOSAL is the call for proposals within the framework of European Union programs, including the Horizon Europe framework program [2].

CLUSTER is the thematic element of the second level of the Horizon Europe program “Global Challenges and Industrial Competitiveness”. As part of the Horizon Europe program, we have 6 thematic clusters [2].

CONSORTIUM AGREEMENT is an internal written agreement between project consortium partners defining the internal organization of the consortium. This includes, among other things, the distribution of EU funds, additional rules, partner rights and obligations within the consortium, as well as intellectual property management. It must be concluded before signing a grant agreement with the European Commission or its executive agency [2].

COORDINATOR is the main beneficiary in the consortium. Only the coordinator among all consortium beneficiaries communicates with the European Commission officer, receives funding from the EC under the grant agreement, and subsequently disburses funds to consortium members according to the agreed budget and the amount of funding received from the EC [2].

CORDIS. The Community Research and Development Information Service (CORDIS) is the European Commission's primary source of results from the projects funded by the EU's framework programmes for research and innovation, from FP1 to Horizon Europe. [1].

DASHBOARD is an interactive data display platform. The dashboard offers a convenient and publicly accessible tool for selecting data about participation in submitted applications and projects, e.g., success rates, allocated funds. It offers intuitive filtering functions that allow analysis of participation, e.g., by geographic location and individual countries, subject area of research, types of organizations, etc. [2].

EUROPEAN RESEARCH AREA (ERA) is a single market for research, innovation and technology across the European Union without borders. ERA has been implemented since 2000. It ensures the free movement of both researchers and knowledge [2].

FRAMEWORK PROGRAM is a comprehensive single system of financing by the European Commission (European Union government) coordinated pan-European relevant scientific research within a specific period (framework), recommended for implementation and approved at the Rome Meeting at the highest level of leading European countries in 1983. The "Framework Program" is the main instrument of the European Union for financing scientific research, as provided for in the Agreement establishing the European Community (Part 3, Section XVIII, Article 166, p.114. Brussels, Belgium, 1984) [10].

FRAMEWORK PROJECT is a time-limited, resource-limited, and quality requirement unique set of processes aimed at achieving unique goals and tasks for creating new value (product or service) that stands out within a specific framework program, supports its priorities, and is financed through it [10].

FUNDING & TENDER OPPORTUNITIES is dedicated to programs centrally managed by the European Commission. The portal includes the review of funding applications, information on processes and funding programs, a project submission system, as well as information on tender processes. It is also used for reporting on projects implemented under EU programs and for finding partners for relevant competitions [2].

GRANT is monetary or other funds, which are transferred by international organizations, as well as citizens and legal entities (including foreign ones) for carrying out the specific scientific research, development of draft laws, training of personnel, etc.

goals on the terms provided by the grantor. Grants are provided free of charge and without refund [5];

- financial or other resources provided on a free and irrevocable basis by the state, legal entities, individuals, including foreign ones, and (or) international organizations for the development of the material and technical base for carrying out scientific and scientific and technical activities, carrying out specific fundamental and (or) applied scientific research, scientific and technical (experimental) developments, in particular for the payment of scientific (scientific and pedagogical) workers in the framework of their implementation, according to the directions and on the conditions determined by the grant providers [6];

- a direct financial contribution transferred from the EU budget to reimburse part of the costs of activities that comply with EU policy [2].

GRANT AGREEMENT (GA) is signed between the coordinator and partners of the project consortium and the European Commission or its executive agency for the purpose of implementing the project financed under the Horizon Europe program [2].

GRANT DONOR (GRANTOR) is a domestic or foreign charitable organization that provides grant support to specific projects that meet its goals and objectives [11].

HORIZON EUROPE is the next, ninth framework program for financing research and innovation projects of the European Union in 2021-2027 [2].

INSTITUTION OF HIGHER EDUCATION is a separate type of institution, which is a legal entity under private or public law, operates in accordance with the issued license to conduct educational activities at certain levels of higher education, conducts scientific, scientific and technical, innovative and/or methodical activities, ensures the organization of the educational process and acquisition of higher education and post-graduate education by individuals, taking into account their vocations, interests and abilities [7].

INTERNATIONAL SCIENTIFIC AND TECHNICAL PROGRAM are legally defined organizational boundaries for the implementation of international scientific and technical projects, united to achieve a common goal within the priority areas of science and technology development of partner countries [8].

INTERNATIONAL SCIENTIFIC AND TECHNICAL PROJECT are a set of interrelated research, development, improvement, and implementation activities carried out jointly by Ukrainian and foreign scientists in accordance with Ukrainian legislation [8].

ORGANIZATION is a form of association of people for their joint activities within a structure; an institution designed to perform specified functions, address established tasks, such as a school, institute, bank, government agency [9].

PARTICIPANT IDENTIFICATION CODE (PIC) is a nine-digit number assigned by the European Commission to a legal entity. One can register or find this code on the Funding & tender opportunities portal [2].

PROJECT MONITORING is a system for observing the implementation status of a project (program) [3].

(PROJECT) PROPOSAL from the EU budget submitted in response to a published call for proposals [2].

SCIENTIFIC (SCIENTIFIC-TECHNICAL) PROJECT is a set of measures related to ensuring the conduct and direct implementation of scientific research and/or scientific-technical developments to achieve a specific scientific or scientific-technical result [6].

SCIENTIFIC (RESEARCH, SCIENTIFIC-TECHNICAL, SCIENTIFIC-TECHNOLOGICAL, SCIENTIFIC-PRACTICAL) INSTITUTION is a legal entity, regardless of its organizational and legal form and form of ownership, formed in accordance with the procedure established by law, for which scientific and (or) scientific and technical activity is the main one [6].

SMALL OR MEDIUM-SIZED ENTERPRISE (SME) are a micro, small or medium-sized enterprise according to the European Commission Recommendation of May 6, 2003/361/EC. To qualify for EU funding as an SME, a company must meet specific conditions, including employing fewer than 250 employees, having an annual turnover of up to 50 million euros and/or an annual balance sheet total of up to 43 million euros [2].

THIRD COUNTRIES ASSOCIATED TO HORIZON EUROPE: Albania, Armenia, Bosnia and Herzegovina, Montenegro, Georgia, Iceland, Israel, Kosovo, Moldova, Morocco, North Macedonia, Norway, Serbia, Tunisia, Turkey, Ukraine, the United Kingdom (after signing an association agreement with the European Commission), Faroe Islands. In the case of the Euratom program, Ukraine and the United Kingdom are additionally included in the associated countries. The list of associated countries is updated as countries join. Horizon Europe; Programme Guide [2].

WORK PROGRAMME is a document adopted by the European Commission regarding the programming and planning of activities in programs funded by the

European Union within its competence. Work programs have been published, including for the Horizon Europe framework program: Level I Advanced Science; Level II Global Challenges and Industrial Competitiveness; Level III Innovative Europe [1].
